## Ff battleground mod apk

Free fire - Battlefields is a survival, third-person shooter game in the form of battle royalty. 30 players parachute on a remote island, where there is only one winner — the last man standing. Players choose freely start position, grabbing weapons and supplies to bolster your chances of survival in the battlefields. The battlefield shrinks as time goes on, forcing players to engage each other in a tactical and diverse environment. Free fire - Battlefields is the ultimate battlefields game with the most realistic graphics and easy-to-use controls. [Battle royality in its original form] Look for weapons, stay in the play zone, plop your enemies and become the last man standing. [40-man battle royale] Play against 40 players and become the last man standing amid the chaos that follows. [Form teams of up to 4 players] Carry your friends to victory and become the last team standing. You can also form a random team and power your way to victory! [Realistic, open world] Diverse environments for players to explore and combat. Detailed field design, enjoy the realistic experience for players seeking cover in grass, behind a tree or inside a ditch. [Large variety of weapons and attachments] Scope has now been added! Rain bullets on your enemies with guns and submachine guns, or snipe them off from afre with an 8x scope. Each weapon comes with a variety of available attachments to loot. By expertly choosing the right attachment for the situation, every round will never be the same. [Create your own strategy and style] Fate is in your own hands. Actively chase down your enemies, hide in a bunker or taunt them from a vehicle. Your life, play it your way.1. New character – Rafael 2. New Rank Level – Grandmaster 3.
